EP.2 Kidnappers

N A S T Y C A T

And who the hell are you?

This person...!!!

HyunHwa and SaeYun's old target

ShiHyun Han?!

And this place...
ArmorLine BumGi Suh's house?

The fact that ShiHyun Han's here means that there's a connection with BumGi Suh!

If BumGi Suh had been here.. that'd've been it for the nukes I worked so hard on.

How'd it come this?

It's a Trace.

Kill him, Pierrot

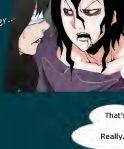

Wait a moment! Those two. Something's strange.

What is.

whisper...

whisper...

what'd you say..?

That's...

Really..?!

Now...

He's talking with the small Mek?

Those guys...

are people from the Trouble world?

So the reason for the strange actions of the small Mek... seems to be due to this Trace.

You can't kill this Trace. We need to talk with him.

Yes...

And they speak so naturally...

They're so different from normal Trouble...

Damn...!

I never could've predicted this..!

Your injuries?

I am fine. I just didn't use full power trying to catch him off guard.

But still, I can't believe he obtained that power level... It seems that something's changed.

If there was no hostage, he would have gotten rid of BumGi Suh out of desperation, right?

Yeah. If he couldn't have him, He probably would have tried to kill him.

To think that he decided to kidnap BumGi Suh while on the run...

Should I put him on the elimination list?

For now, If this Dimplun issue is dealt with, we'll try to make use of this Trouble.

Yes, sir.
Understood.

But what do you think he
was trying to do by kidnapping
BumGi Suh?

So you're saying
you guys are the
leadership in charge
of the Trouble..?!

And the attack
on Sangdong was
you guys..

Yeah. Why are
you, a Trace, able to
communicate with
Trouble?

Ded you
tame that small
Trouble?

Right.

I found a way to
communicate and live
with Trouble.

To be able to coexist
with Trouble..

What a strange being.
Why did you choose
Trouble over the humans
here?

Because Trouble..
are less sickening than
humans.

Trouble need my
protection.

If that's the case,
are there other Trouble
that you're protecting?

Although there aren't
many Trouble that are
completely tame..

I captured some to
tame them.

Then take us there.

I can tell that
your goals are
the same as ours
by the way you
treat Trouble.

I'll give you the chance to work with us.

If it continues like this.
Dumpilun will end up
adjusting more quickly..!

...!!

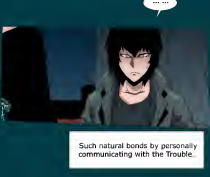

It'll be the worst case
scenario if these guys and
Shihyun Han team up..!

What'd
you say?

These guys are
that strong?

If Arco is saying
that, there's no way
it's a lie...

Such natural bonds by personally communicating with the Trouble...

If what you say is true, then our babies can live more peacefully.

And if that's the case, then you're..

the people I need the most.

Let's work together.

But I don't like the way he looks.

I'm gonna kill him.

Hey, you blockhead. This guy is at least as trustworthy as a medium Mek.

If you don't have a brain, at least keep your eyes wide open.

I don't like the way he looks.

Due to the small Mek's lack of intelligence, even we sometimes have difficulty communicating, but this person is doing it so naturally. So no funny business

And it's near impossible to find allies in Shalbondo.

Anyway this guy's going to be under me, so piss off.

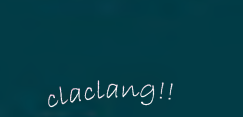

ShiHyun Han.

It's important to find out how much he knows about ArmorLine!

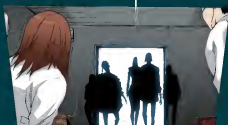

Please don't go blabbering!

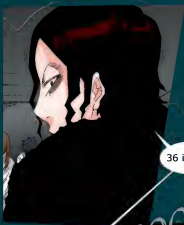

Over here.

The inside is
very clean. I like it.

So how many small
Mek do you have?

10 per room.

36 in total.

Ah...
Since Mor got
kidnapped, 35.

....!!!

BOOM!

What?! That many?!
Then that's enough
for Dumpilun to get
adjusted in one go!
